Template converted successfully!

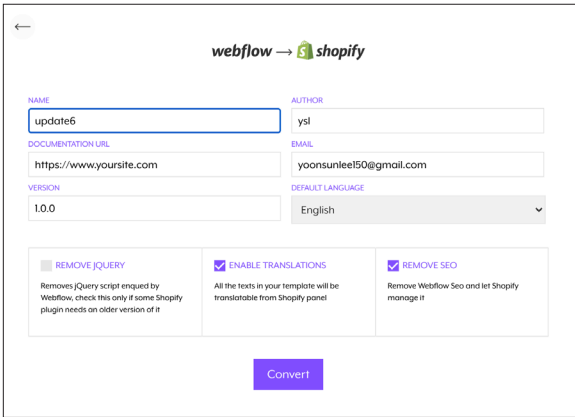

Theme library

Manage your store's themes. Add and publish themes to change your online store's appearance.

Upload theme

Upload converted theme in Shopify

I want to convert my **Webflow Template** to

shopify · WordPress · ghost · netlify cms

Select format. Duplicate (Drupal) templates can be generated

Upload theme   ✕

Upload a .zip file of your Shopify theme. Uploaded themes will be unpublished by default.

Maximum file size: 50 MB

Choose File update6.zip

Cancel   Upload file

webflow → shopify

Export the HTML project from Webflow (with custom attributes included – you can follow our documentation if you need help). Once exported, upload the .zip file project here.

Choose File   No file chosen

Choose Adapter to export to Shopify Native Theme

Publish Update6   ✕

Are you sure you want to publish **Update6**? Your customers will see this theme when they visit your online store.

Cancel   Publish

Publish. Generate Collections/Products

webflow → shopify

NAME
update6

AUTHOR

Next Steps

Shopify CLI

This workflows can be commited into
Next / Node / Polaris
Shopify CLI workflow

https://www.shopify.com/partners/blog/cli-tool

I would love to work with a team to extend this next genera-
tion Shopify Development Pattern

Static Development lends itself to Open Source

Strapi (PIM / GraphQL Type)
Svelte (Static Vanilla JS/CSS) compile
